ABDUL AZEES
Web Developer

PROFESSIONAL SUMMARY

As a Software Engineering student in my final semester at the esteemed National Textile University in Pakistan, I am a dedicated and passionate web developer. Proficient in HTML, CSS, JavaScript, ReactJs, WordPress, and PHP, I possess a robust grasp of web development principles and methodologies. My commitment to continuous learning drives me to expand my skills and knowledge in this ever-evolving field.

Throughout my academic and professional journey, I have consistently demonstrated my collaborative spirit, effectively working with team members to deliver high-quality projects within specified timelines. Being a quick learner, I readily adapt to new technologies and environments, priding myself on my ability to solve complex problems with innovative solutions.
